THE DIFFERENT TYPES of Charter

For ocean-based vacations that are accessible to all, Dream Yacht offers full boats or cabin rentals aboard exceptional live-aboard sailing yachts or catamarans, in the four corners of the world, with total freedom and, if needed, with a crew devoted to your every need.

Our aim: to offer the greatest possible freedom of choice for carefree vacations on the water.

INDEPENDENT VOYAGES

For experienced sailors, Dream Yacht offers monohulls and catamarans for private charter, with or without skipper. This option lets you choose your itinerary and provisioning, while sailing at your own pace, for a 100% customized vacation.

CREWED TRIPS

Dream Yacht also offers private yacht charters with an expert crew (skipper and hostesses) who will take care of every detail of the trip, from navigation to meal service, perfect for groups of family or friends looking for a relaxed and catered experience.

- **Fully Crewed Charter:** The crew, made up of a skipper specialized in the destination visited and experienced hostesses, work with passengers to offer a personalized vacation in terms of itinerary and menu, taking care of navigation and meal preparation.
- **Easy Crewed Charter,** with a skipper to navigate the boat and an optional hostess in charge of meal preparation and service

CABIN CRUISES

Our Cabin Cruises aboard spacious sailing catamarans with four to six cabins are ideal for travelers with no sailing experience, nor the desire to charter a whole private yacht with crew, who still wish to enjoy an unforgettable vacation experience at sea.

During their cruise, participants enjoy a private double cabin for 1 or 2 people, with a private bathroom and access to the boat's common areas, while enjoying an expertly crafted itinerary to ensure guests will experience the very best of their chosen destinations.

The Sail Share experience enables travelers to reserve a cabin aboard a sailing monohull with fixed itineraries in the Mediterranean for a social adventure at very reasonable entry rates.

AQUA LODGE

Aqualodge, for unique vacations on the water in Martinique and Guadeloupe

Dream Yacht also offers Aqualodge accommodations. These innovative, comfortable, and environmentally friendly “floating villas” feature 2 bedrooms and 1 bath for up to 4, where guests can enjoy privacy, amazing views, and direct access to the water. A full kitchen, terrace, rooftop deck and self-drive dinghy for water transportation make it an ideal way to experience the French West Indies with limited environmental impact.

Requiring no sailing experience, the Aqualodges are completely self-sufficient thanks to solar panels on the roof, a watermaker for the water supply, modern dry toilets to avoid pollution, and wastewater treatment.

/ AUSTRALIA, WHITSUNDAYS

Although located in the tropics, the Whitsundays have an excellent climate because they are cooled by trade winds for most of the year. The waters are protected by the Coral Sea and Great Barrier Reef, and most islands are surrounded by a fringing reef system. The Whitsunday Islands have enough anchorages to keep you busy for months of happy cruising. Nara Inlet is our recommended first night stop. Nara is easy to reach and its waters are sheltered so you will have a comfortable first night as you get used to the boat. There are several anchorages and moorings to choose from. Stonehaven is popular, and if you are adventure minded, there are waterfalls to explore.
